

KINGHITTER

THE HEAVYWEIGHT IN POSTDRIVERS

**30 Years of
Dedicated Research
& Development have
produced the Worlds
Best Post Driver**

Fairbrother Industries, working in close conjunction with contractors and farmers world wide, have revolutionised Post driving technology. Fairbrother Industries have a broad range of accessories available. The Fairbrother Kinghitter Series 2 & 3 Rock Spike has enough raw power to drive through 450mm of frozen ground, 150mm of solid concrete, broken rock and even some types of shelf rock. The Pilot Auger or Combo unit will easily drill pilot holes in Limestone, Sandstone, Ironsand and solid heavy clay.

KINGHITTER

THE HEAVYWEIGHT IN POSTDRIVERS
